Involvement

Help us make this Association even better! We invite you to become an active member in PPACHicago.

No spectator can get as much satisfaction and benefit from the game as the person who helps teammates toward the goal.

Share your unique skills and talents with other association members and at the same time gain valuable experience and develop relationships that will withstand the test of time.

There is something for everyone! If you like to stay active and get out and participate, join us for an event such as a Meet @ 5, Boat Cruise, or Holiday Party. If your style is more behind the scenes, but like to help with the development and execution of events and policies, then Committee Participation and the Board of Directors may be more for you. We also have Continuing Education opportunities through our Professional Development department. Regardless of what you choose, you will reap the awards of giving back to your association and getting more out of your PPACHicago membership.

We Need You - Get Involved Today!

Members are urged to provide their knowledge, expertise and strengths to PPACHicago. To become more actively involved, you are invited to serve on a committee.

Please check off your preference(s):
